

ENVIRSCI Praxis Requirement

All Internship Experiences registered under ENVIRSCI 398 and ENVIRSCI 498 will satisfy this requirement, as will all Independent Study Research Experiences registered under ENVIRSCI 396 or ENVIRSCI 496.

The following courses meet the ENVIRSCI curriculum requirements for Praxes. With approval by student's ENVIRSCI advisor, other unlisted courses within the Five College community may also be considered for meeting praxis requirements.

BIOLOGY 421 Plant Ecology
BIO 497H Tropical Field Biology
BIOLOGY 540 Herpetology
BIOLOGY 544 Ornithology
BIOLOGY 548 Mammology
CE-ENGIN 370 Introduction to Environmental & Water Resources
ENVIRDES/LANDARCH 547 Landscape Pattern and Process
ENVIRSCI 452 Hazardous Waste Operations & Emergency Response
ENVIRSCI 465 Principles of Environmental Site Assessment
ENVIRSCI 575 Environmental Soil Chemistry
GEO-SCI 331 Geological Mapping
GEO-SCI 352 Computer Mapping
GEO-SCI 468 GIS & Spatial Analysis
GEO-SCI 519 Aqueous and Environmental Geochemistry
GEO-SCI 560 Geomorphology
GEO-SCI 563 Glacial Geology
GEO-SCI 587 Hydrogeology
GEO-SCI 591CP Colorado Plateau Field Trip
MICROBIO 385 Biotechnology Laboratory
MICRO 562 Environmental Biotechnology
NRC 534 Forest Measurements
NRC 564 Wildlife Habitat Management
NRC 565 Dynamics and Management of Wildlife Populations
NRC 570 Ecology of Fish
NRC 571 Fisheries Science and Management
NRC 577 Ecosystem Modeling & Simulation
NRC 585 Introduction to GIS
NRC 586 Natural Resource Inventory of Local Lands
NRC 587 Digital Remote Sensing
NRC 590WS Wetland Soils
NRC 597F Conservation Genetics
NRC 597W Wetlands Assessment
NRC 597WP Wetland Plant Identification & Ecology
PLNTSOIL 565 Soil Formation & Classification
