NRC 120 SCUBA

Description:

This course is designed for someone with no SCUBA experience. It consists of pool and classroom time, meeting once a week for 10 weeks from 7pm - 10pm. Half of the time is spent in the pool learning to use SCUBA equipment, the other half is spent in the classroom. An option of diving in the ocean, leading to NAUI Scuba Diver Certification, will be scheduled near the end of the 10 weeks.

Project DEEP is a non-profit agency that offers SCUBA courses at UMass. The certifying agency for this course NAUI (National Association of Underwater Instructors).
